### **Safety / Acknowledgement of Risk**

The responsibility for sport safety must be shared by all. I, the undersigned, am aware that there is a certain risk of injury involved in my own or my child's participation in sport, either while travelling to or from the event; or while attending or participating in the programs or activities of the events which are sanctioned/approved by Racquetball Canada, its Divisions, its Member Clubs or recognized organizing societies. It is understood by me that the signing of this document is intended to indicate that on behalf of myself and/or my child I assume the shared responsibility and acknowledge the risk of injury by so participating.

### **Canadian Anti-Doping Program (CADP)**

The Canadian Anti-Doping Program (CADP) is generally considered to be one of the most thorough and comprehensive doping control policies in the world. By operating on the basis of a collective agreement within the sport, the policy provides for a truly independent, transparent and cost-effective anti-doping system. It also provides the procedural fairness and protects the athletes' rights throughout the process.

Benefits to Racquetball Canada and its Members:

Independent, transparent system provides the athletes and the public, confidence in Racquetball Canada and our anti-doping policy.

When all (majority) sports adopt the policy, it reduces our liability. The CADP serves as a shield against legal challenges to individual National Sport Organizations (NSO).

The CADP and more specifically, the Standard Operating Procedures have not had any successful legal challenges.

All testing services, laboratory analysis, result management and the administration of procedural fairness are all paid for by the Federal Government and the Canadian Centre for Ethics in Sport when Racquetball Canada becomes part of the system by adopting the CADP.

Racquetball Canada has adopted the 2015 Canadian Anti-Doping Program (<https://cces.ca/sites/default/files/content/docs/pdf/cces-policy-cadp-2015-v2-e.pdf>) as the anti-doping policy and regulations of the organization.
